

## Calculator Policy - UH Math Contest

### **Calculators and other computational tools are NOT PERMITTED on the Number Sense Exam!**

If students are taking the Number Sense contest, it is our expectation that they will honor this expectation and complete the exam without a calculator or other computational tool. All answers are to be solved mentally.

---

### **Calculators are NEEDED for the following exams:**

- Statistics Exam
- Calculation Exam\*

You are permitted to use any computational tool on these exams, including calculators, programming languages, Geogebra, Excel, pencil and paper, etc.

---

### **Calculators are PERMITTED - but not required - for the following subject exams:**

(A calculator may save you time - but the problems can be done without a calculator.)

- Algebra 1
- Algebra 2
- Geometry
- PreCalculus
- Calculus
- Physics
- SmackDown

You are permitted to use any computational tool on these exams, including calculators, programming languages, Geogebra, Excel, pencil and paper, etc.
