Dear Community Friend:

The Department of Mathematics at the University of Houston will host a High School Mathematics contest Saturday, February 1, 2020 on the University of Houston campus. This contest will be attended by many talented students in grades 8 through 12, along with dedicated teachers and parents. The top six students in each category will receive trophies, and the top two students will receive scholarships provided by the University of Houston.

We are looking for ways to say thank you to the many teachers and parents who selflessly volunteer their time to encourage their students and bring them to our contest. We would like to supplement student prizes, and also give some reward to the many students who compete but do not win a trophy or scholarship. Over 650 students from 55 schools participated in the 2019 contest, and we expect this year’s competition to grow.

If you can help, please use the enclosed return envelope and response form. All donors will be recognized on our contest website (http://mathcontest.uh.edu), listed in our contest program, and thanked at the awards ceremony on the day of the contest. Unless otherwise requested, cash donations and cash from advertisement donations will be converted to additional scholarship awards (for students in third through sixth place), and gift donations will be given directly to students, teachers and parents in the form of door prizes at the awards ceremony. Advertisements will be posted on our website and in the printed program distributed the day of the contest.

Your contribution will send the message to students, teachers and parents that education is important to our community. If you have any questions, please contact me by phone at 713-743-3455 or by email at jjmorgan@central.uh.edu. Thank you for your kind consideration.

Sincerely,

Jeff Morgan
Associate Provost for Education Innovation and Technology
Professor, Department of Mathematics
University of Houston
**DONOR CONTRIBUTION FORM**

**High School Mathematics Contest – February 1, 2020**

Please complete and return in the envelope provided to:

| Name: Avani Dave  
| Address: Department of Mathematics  
| Location: 3551 Cullen Blvd  
| University of Houston  
| Philip G. Hoffman Hall 651  
| Houston, TX 77204-3008 |

___ I have enclosed my contribution (check, gift certificates, gift items)  
***Please make checks payable to the University of Houston***

___ I would like someone to pick up my contribution.  
***Please provide complete address information***
